## TERMS OF REPERENCE FOR TARGET-ORIENTED DISPLAY

## Purpose of Display

A Target-Oriented Display with be developed that shows how U.S. intelligence resources are directed against major intelligence targets. The purpose of the display is to provide a basis for coordinate and selective analyses designed to test the need for and effective and efficient use of these resources. The data to be displayed are intended to be used for intelligence planning and not directly for making program or budget decisions.

The initial display will be designed under the guidance of an ad hoc committee composed of representatives of the Secretary of Defense, the Director of Central Intelligence and the Director of the Bureau of the Budget (the Principals).

The Display will include the resources of the Consolidated Cryptologic Program, Consolidated Intelligence Program, National Reconnaissance Program and the Central Intelligence Agency program excluding Covert Action. In addition, the display will include the resources of the and the SR-71 program.
